

RUSSELIA HYBRID ST. ELMO'S FIRE™

This hybrid selection of Russelia is larger than the common coral fountain and often reaches 4 feet in height and 6 to 8 feet in width. The flowers of St. Elmo's Fire™ are more showy than the species as they have a considerably darker red hue. The airy growth habit is more open and upright. This plant can be used in both shade and full sun locations, but performs best in full sun. It will require moderate irrigation to keep actively blooming. St. Elmo's Fire™ requires minimal maintenance other than the occasional removal of spent flowers. The foliage may be damaged after heavy frost, but will quickly recover in the spring. Attractive to hummingbirds.

AT A GLANCE SUMMARY

SIZE (H X W)	4 Feet x 6 - 8 Feet
FLOWER COLOR	Coral Red
FLOWER SEASON	Spring - Fall
EXPOSURE	Full Sun to Part Shade
WATER	Moderate to Ample
GROWTH RATE	Moderate
HARDINESS	15° F, USDA Zone 8
