

## EREMOPHILA GLABRA SSP. CARNOSA WINTER BLAZE™

Evergreen glossy foliage, tubular red flowers most of the year, tough as nails, and a petite growth habit...what's not to love about this shrub? Hummingbirds love it too. This native of Western Australia thrived, despite gross neglect, in 5 gallon containers for over three years before we decided to put it into production. It flowers on new growth almost all year. It handles full sun and reflected heat beautifully.

AT A GLANCE SUMMARY	
SIZE (H X W)	3-4 ft tall x 4-5 ft wide
FLOWER COLOR	Red
FLOWER SEASON	Of and on all year
EXPOSURE	Full sun
WATER	Low to moderate
GROWTH RATE	Moderate to fast
HARDINESS	20° F, USDA Zone 9
PRUNING	As needed
